

HIS F*CKING LIES

By Jenna DeAngeles

Madison is a Santa Monica hot mom with a delicious husband when her life suddenly explodes. Hubby Kurt gets diagnosed with testicular cancer – but that’s not the gut punch. When Madison opens his laptop to research chemo, she discovers the unthinkable: Kurt’s very secret sex life.

SMASH. Madison goes rabid. Breaks shit. Forced to trade in her Lululemon’s for rehab attire, she enters a rigorous program to reverse her rage and (hopefully) resuscitate their marriage. At rehab, she finds her posse of other unstable wives who ignite the unexpected – dirty secrets, arrests, the press threatening to go public, a Sex Hotel, revenge affairs, and a murder that turns L.A. on a knife-edge.

Soapy as **Big Little Lies**, sprawling like **Orange Is the New Black**, as juicy as **Fifty Shades**.

HIS F*CKING LIES is a darkly comedic one-hour series about sex and betrayal, based on a novel of the same title by Emmy-Winner Jenna DeAngeles.
